The next steps are ...

**Bag drop** Opens 4 hours before departure, head to the Virgin Atlantic Bag drop to leave your baggage. Bag drop closes 1 hour before your flight but aim to arrive at least 2 hours before to give yourself plenty of time. If you are transferring from a connecting flight you'll need to show your baggage receipts to the transfer desk. If you do not have any bags to check in head straight to security. \*If travelling from Lagos bag drop closes 2 hours before departure.

**Security** Just to be safe, double check if you've got your travel documents and boarding pass ready to show at security and the boarding gate. To avoid unnecessary delays make sure you leave out liquids, sharp items and other forbidden goods from your hand baggage.

**Gate Closes** 30 minutes before departure, keep an eye on the airport information screens for your boarding gate. Please make sure you're not late – we can't keep the plane waiting!
